

THE **A****B****C**s of REAL ESTATE

Purchase Agreement Reference Guide

Purchase Agreement-Page 1

PURCHASE AGREEMENT- "This is a legally binding contract, If not understood, seek legal advice"

- If the buyers have any questions...always suggest that they consult an attorney. NEVER advise against the use of legal counsel. If the buyers wish to use legal counsel, advise that they employ "competent legal counsel." Advise against using any other type attorney (divorce, workman's compensation, friend-of-a-friend attorney) other than a real estate attorney.
- All parties (and representing real estate agents) to the purchase agreement MUST have an understanding and working knowledge of Paragraph 35-Arbitration and Mediation. Sections A-F of Paragraph 35-Arbitration and Mediation may need to be addressed and discussed with the buyer(s)/seller(s) chosen legal counsel so the parties of the purchase agreement are in full understanding of their rights in the event a dispute(s) arises from the purchase agreement.
- "Statement of Association": "The REALTORS negotiating this agreement are members of the Omaha Area Board of REALTORS and, as such, is governed by its Code of Ethics and Rules of Fair Business Practice". However, this positive, representative "Statement" governs REALTORS ONLY! Sometimes NOT all of the licensed real estate agents involved with the negotiation of this purchase agreement are REALTORS and are not bound by the Codes and Rules of the National Association of REALTORS. Any recourse for actions against non-REALTORS may require legal action(s) or complaints filed against the licensees governing real estate commission.

Date: Always put "**today's**" date in this blank. This will be the "reference date" for all future addendums and transactional documentation.

1. ADDRESS: Place the entire property address of the subject property. Try to avoid abbreviations. Multiple addresses should be separated with a dash (-), slash (/) or comma (,).

2. LEGAL DESCRIPTION (Property): Place the legal description in this blank. Be sure to verify that the legal description in the MLS and the legal description of record at the county courthouse matches where the property is situated. This information is available online at county websites or from a title

company. Once you have a copy of the title insurance, match the title insurance's legal description with the legal description in the purchase agreement.

- Example: Lot 23, Block 14, Sunny Days Subdivision.
- Example: A metes and bounds legal description may be required for acreage and agricultural property. If the legal description is lengthy...write "legal description attached on addendum forms a part of this agreement" in the space provided and complete an addendum to the purchase agreement with the full metes and bounds legal description.
- (County): Place the county's full name where the subject property is situated...i.e. Douglas, Sarpy, Washington, Pottawattamie, etc.
- (State): Place the name of the State defaults in bold type as NE

3. PERSONAL PROPERTY: Check the appropriate box identifying the personal property that is to be left in the property and included in the sale. If items are not listed to be checked...Place a list of all personal property that is in and/or on the subject property that is to be included in the sale of the subject property in the blank provided.

- Avoid abbreviations -Confirm the personal property to be included with the MLS, the seller or seller's agent
- Confirm with the buyer all personal property to be included with the sale by verifying all the personal property listed in this paragraph before the buyer executes this purchase agreement. Note brand, model, color, size, etc. if applicable.
- Just because the personal property is listed in the MLS...does not necessarily represent that it is included in THIS sale. If you expect any particular piece of personal property to be included in the sale and on/in the property when the buyer takes possession...IT MUST BE LISTED IN THE COMPLETED AND FINAL PURCHASE AGREEMENT ON THE SUBJECT PROPERTY. IT IS ADVISED THAT IF THE PERSONAL PROPERTY HAS MODEL, SERIAL, OR ANY OTHER IDENTIFYING NUMBERS/LETTERS INCLUDE, IN WRITING, THOSE IDENTIFYING NUMBERS/LETTERS IN THE SPECIFIC DESCRIPTION OF THE PERSONAL PROPERTY ITEM THAT IS TO BE INCLUDED IN THE SALE.

You may wish to clarify any ASSUMED "permanently affixed" items, by specifically listing the item(s) in this section.

- Typical items included as personal property: -Garage Door Opener(s) and working Control(s) ...NOT JUST "GDO and CTLS"
- All carpets, drapes and window treatments (window treatments includes anything like mini-blinds, rods, valances, awnings, sheers, etc.)
- Fireplace log rack and fireplace tools/equipment (specify number of racks and tools if necessary)

- All light fixtures (specify and describe any specialty lighting...landscape accent lights, chandelier(s), pool lights, etc.)
- If appliances are included...list them with manufacturer (if possible) and the specific location in the property.
 - Example: Whirlpool refrigerator in kitchen, Maytag clothes washer/dryer set, etc.
 - Example: Portable Sears Dishwasher in lower level bar area
 - "Swings/Gym sets, swimming pool/spa equipment, central vacuum equipment, and pool tables with all equipment" are examples of additional personal property that would need to be listed in purchase agreement if the buyer wanted it to be on/in the property at possession.
- Lake properties personal property may need to include boats, docks, wenchers, boat lifts, life jackets, etc.
- Some agents may just put "all personal property items as listed in the MLS" in this paragraph...but that is no guarantee that the personal property will be included unless it is specifically named and listed in the purchase agreement.
- "all fixtures and equipment attached" may become "unattached and gone" unless specified in writing in this paragraph

Other personal property items to consider.

- Above ground pool Basketball hoop, Bathroom mirrors Book Shelves, Burglar/Security System Building supplies Ceiling fans & Controls Central vacuum equipment Door knockers, Draperies, curtains, etc. Fireplace equipment and/or screen, Swing Set/Gym set, Ben Franklin stove/fireplace inserts Garage door opener/control(s), Gas lights or BBQ's, Hot tub or spa, Humidifier, Business equipment, All carpets, drapes and window treatments, LP gas tanks (or possible proration of gas remaining in the tank, Mailbox and post, Playhouse/Tree house, Pool-equipment/supplies, Porch swing, Portable dishwasher, Refrigerator, Satellite dish and converters, Stained glass, Stoves/ranges,Swag lights, Fireplace logs/rack, Swimming pool/equipment, trees, shrubs, special plants, TV antenna/routers, Under counter microwave, Water softener, Farm/ranch equip/buildings, Computer network wiring/server, etc.

Be advised...excessive amounts of personal property could affect a loan-to-value ratio...causing appraisal problems...if financing is involved in the transaction. You may wish to use a Bill of Sale for the transfer of personal property in the real estate transaction.

4. CONVEYANCE: This is how the property is legally transferred from seller to buyer. If any other deed other than a warranty deed is to be used specify the type of deed after the words "warranty deed or -----". *Usually, check the box "no exception"* unless advised by the seller that another type of deed (conveyance) will be used. Advise your manager, buyer's legal counsel, and/or seller's

agent or title company if this "except" blank is to be used. Any change in the type of conveyance, after acceptance, must be mutually agreed, in writing, by all parties to the purchase agreement.

The terms of this paragraph allows for the Purchaser to assign this fully accepted agreement to any nominee of the Purchaser's choice. If this situation presents itself, contact your agent for guidance and the nominee disclosure process or seek legal real estate advice from a real estate attorney

5. ASSESSMENTS: Specifies that the seller...for example...must pay for any work done on the property even though the bill for the work completed has not yet been assessed (by public record at the courthouse) prior to closing and/or possession.

- language in this paragraph is direct and explicit as to the handling and disposition of the earnest deposit. *Check the appropriate box identifying who exactly will be receiving and handling the earnest.*

The financing will be: Check the specific type of financing's box that will be used to secure the mortgage loan. Verify the loan's interest rate and terms with the buyer's lender. A pre-approval letter may be required by the seller before final acceptance.

The financing may be:

- VA: Veteran's Administration
 - FHA: Federal Housing Administration
 - Conventional: 80% loan-to-value or greater
 - Conventional with PMI: No government mortgage with Private Mortgage Insurance (used to insure conventional loans that are less than 80% loan-to-value)
 - NIFA (Nebraska Investment Finance Authority): This is a bond issue sponsored by the State of Nebraska. It has special terms and conditions that must be met by both the buyer and seller. Not all lenders offer NIFA financing. Verify all loan terms and conditions with the appropriate lender when using NIFA financing.
 - USDA (United States Department of Agriculture): This type of financing has specific qualification requirements set by the USDA to aid rural communities in the financing of real estate. Check with the appropriate lender when using USDA financing.
 - Blank box: This could include seller financing (Land Contract, Lease Purchase, etc)

Check with your Manager, escrow company, or county court house to verify the current "doc stamp tax". This amount is reflected on the Seller's Estimated Closing Cost Sheet.
